ACQUALINA
THE LEGACY CONTINUES

In our decision to extend the Acqualina brand and create The Estates at Acqualina, we're building not only on our past successes, but on our passion for developing "*the world's finest residences.*" You'll see it manifested everywhere at The Estates, from the grand formal entrance to the astonishing array of indoor and outdoor amenities...from our signature integration of modern and classic architecture to the exemplary services we offer to our residents. Here, we encourage you to live well...and enjoy the ride.

— Eddie, Jules and Stephanie Trump

Ownership at The Estates ensures that residents will have access to the five-star amenities and services of the internationally acclaimed hospitality brand of the adjacent Acqualina Resort & Spa. The winner of a Forbes Travel Guide Five-Star award as well as a AAA Five-Diamond Hotel award, Acqualina is one of only a select number of hotels worldwide to be honored with both distinctions. It has been recognized by TripAdvisor as *the top luxury beachfront hotel in the continental United States*.

The developer and owner of The Estates at Acqualina – a corporate affiliate of Eddie and Jules Trump – has developed a select number of luxury real estate properties, beginning in 1985 with the creation of the highly successful Williams Island. This community of eight high-rise towers, envisioned as a modern

Mediterranean village with exclusive resort and club amenities, was one of the first developments of its kind in South Florida. Subsequently, the company's portfolio has been enlarged by the addition of Acqualina Resort & Spa and The Mansions at Acqualina, both located on the Atlantic Ocean in Sunny Isles Beach, Florida, and by the development of Luxuria Residences in Boca Raton, Florida, in addition to extensive land holdings and developments in California.
